ASSEMBLY GUIDE

CASCADE BAR TABLE

WHAT'S INCLUDED:

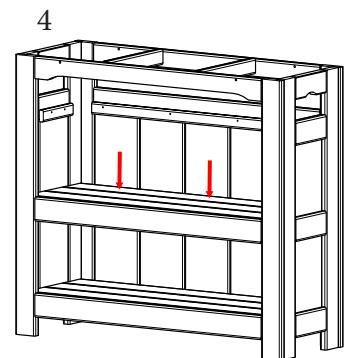

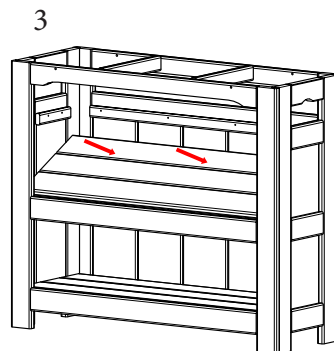

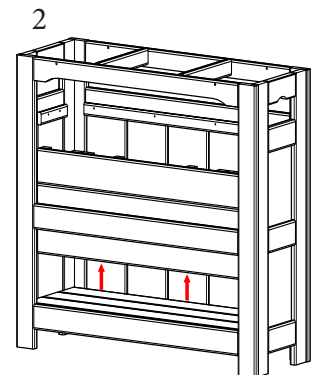

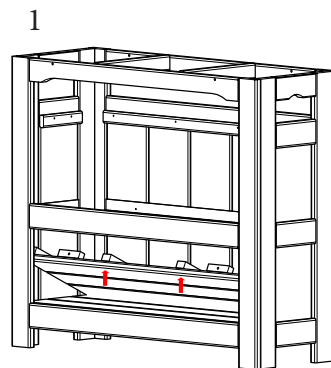

- (4) 1 1/2" Wafer Head Lags
- (4) 2" Wafer Head Lags
- (1) 5/32" Allen Wrench

1 PLACE THE MID SHELF

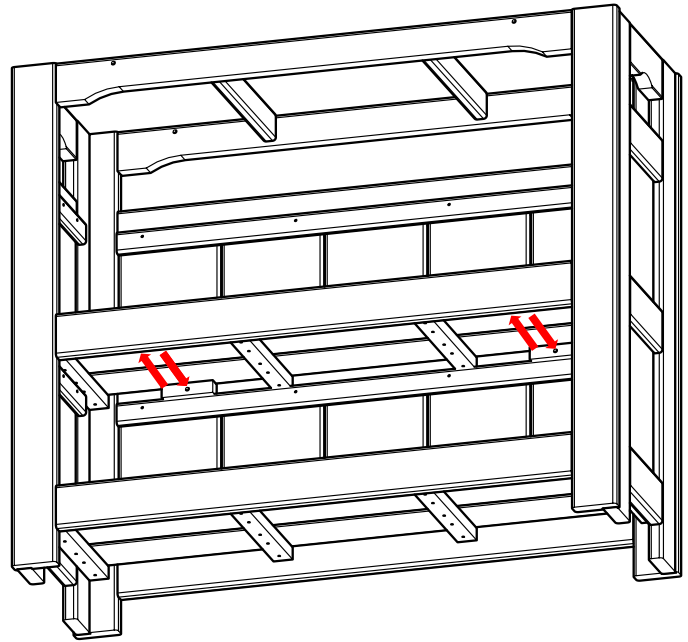

If applicable, remove the two barstools through the front first.

The middle shelf is located upside down on the bottom shelf. Turn the shelf vertically and slide it up the front, then turn it right side up as shown in the series of illustrations.

2 ATTACH THE MID SHELF

Use two 1 1/2" wafer head lags
to attach the middle shelf.

3 ATTACH THE TOP

Remove the Cascade Bar table
top from it's packaging and
place it on the bar table. Then,
use four 2" wafer head lags to
attach it.
